

## Rabbit Awareness Week 9th to 17th May

Once again at Powis we are supporting Rabbit Awareness Week and will be offering **FREE health checks** with a qualified nurse or a vet throughout the week; there will also be goody bags and offers on food and hay. Please phone NOW to book an appointment - 01384 372849.

Our reception area will become a rabbit zone that week – we would love to receive photos of your rabbits and guinea pigs via Facebook and colouring and drawing by your children. There will also be colouring facilities to occupy any bored clients. Please see Facebook for more details.

## Is your dog or cat microchipped?

### Has Spring Sprung?

The warmer weather can present our pets and their owners with some unwanted visitors – fleas and worms. These are not only inconvenient but potentially very dangerous. Regular preventative treatment is recommended.

The treatments we use for flea and parasite protection are mainly prescription only medicines. This means we have to have seen your pet to be able to prescribe them. Give us a call and see if your pet needs a check up.

The flea/wormer check up is **FREE OF CHARGE** and a good opportunity for your pet to have an MOT and for you to get plenty of advice on keeping flea free.

Did you know that with effect from April 2016 it will be a legal requirement to have your dog microchipped. If your dog is not yet chipped why wait?

All dog owners have experienced that wave of relief when their dog reappears after chasing after a squirrel or another dog. But what if your dog manages to really get himself lost? That's where the chip comes in and we can help.

Don't wait any longer – ensure your dog's safe return and make sure that you comply with the law.

**Chipping your pet is only £14.84, a small price for peace of mind.**

## Powis Vets is having a facelift!

No, not botox injections or a nose job but a welcome refresh of the building. Just ignore the scaffolding as it's business as usual throughout the redecoration, and if you would like to actually watch paint dry check out the updates on Facebook!

## Opening Hours

Weekdays: 8.30am – 7.00pm

Saturday: 9.30am – 12noon

## Consulting Hours

## Powis Vets Achieves Accolade

We are delighted to let you know that we have recently been approved by the Royal College of Veterinary Surgeons as a Small Animal Accredited General Practice.

This is formal recognition that Powis Vets is a primary care practice that has achieved the highest standards of clinical care, and that we encompass the facilities required for veterinary nurse training.

We are very proud of this achievement, which has been attained as a result of the hard work of our team and the loyal support of our clients.

## Follow us on Facebook

Powis & Partners Veterinary Surgeons is now on Facebook. We are posting daily and there are some lovely pictures to see. The page has also in its short life been responsible for 2 lost cats and 2 dogs being reunited with their owners.

To join our furry Social Network just type "Powis & Partners" into the Facebook search box and make us happy by clicking on "Like"! All comments, feedback, funny animal postings and news will be very welcome!

## News by email

If you would like to receive future updates by email, please email [practicemanager@powisvets.co.uk](mailto:practicemanager@powisvets.co.uk) stating "**Please subscribe the (your surname) family**" as the subject of the email. We'll then add you to our mailing list, easy as that!

We will periodically send emails to keep you up to date with any special offers or health warnings that may be applicable to your pets. We would love you to subscribe to our mailings as we do believe it is important to keep in touch with you and we hope you consider this to be a very "user friendly" way of doing so.
